

Whether for professionals or hobby gardeners: The Super special spark plug range from Bosch covers almost all applications and nearly every type of device with only a few spark plug models. The Bosch Super special range combines all the important features you need for professional work with powered equipment: perfect starting performance, safe ignition, effective corrosion protection, and good electrical conductivity.

Get moving with Bosch spark plugs.
 Wherever there are combustion engines, you'll find spark plugs from Bosch. As the inventors of the spark plug and with over 100 years of experience, Bosch does not just get cars moving: The Bosch Super special range is designed especially for garden and forestry equipment engines. This is why well-known manufacturers like Stihl choose Bosch as their original equipment manufacturer. Bosch spark plugs also offer huge advantages to specialized dealers:

- ▶ Genuine replacement parts
- ▶ Compact range with extensive cover
- ▶ State-of-the-art, reliable quality
- ▶ Packaging conceived as a sales support

Bosch spark plugs: The right one for every task

Wherever mobility and engine power are required, Bosch spark plugs give gasoline engines a boost:

- ▶ Cars
- ▶ Commercial vehicles
- ▶ Motorcycles
- ▶ Boats/ships
- ▶ Power saws
- ▶ Gardening equipment

For full information see the spark plug catalog or visit www.bosch.com

The spark plug specialists:

The complete range for all motorized tools

Each Bosch spark plug embodies over 100 years of experience, along with reliable and high-performance technology that is specially tailored to the requirements of a wide range of engines. This is also true for Bosch

Super special: The compact range of spark plugs ensures cleaner, more economical and more efficient fuel combustion for garden and forestry equipment.

A complete range with only a few models

Whether for hobby gardeners or professionals – motorized mobile tools are becoming ever more popular and the range of garden and forestry equipment on offer is growing equally fast. It's fortunate then, that Bosch Super special covers all common equipment with only a few spark plug models. With even the smallest sales area, you can thus offer every customer the right spark plug.

Self-explanatory and a quick seller

The Super special blister pack provides you with an attractive and self-explanatory sales support that optimally boosts trade. The simple system using ID number and Bosch number ensures that your customers find the right spark plug first time. All the important information for safe and professional installation is included.

- 1 **Effective current leakage barriers at the insulator:**
Prevent flashover and thus misfiring
- 2 **Nickel-plated housing and thread:**
Protection against corrosion and seizure in the aluminum cylinder head
- 3 **Heat-shrink fitting:**
Completely gas tight, with an exact heat range
- 4 **Interference suppression resistor:**
Reliable operation of all electronic systems
- 5 **Nickel center electrode:**
Guarantees reliable starting capabilities
- 6 **Ground electrode:**
Wear resistant and durable

Handy, compact and practical: The workshop packaging of the Super special range requires a minimum of warehouse space – and still ensures the maximum availability of the different spark plug models.

- 1 ID number
- 2 Bosch number
- 3 Type designation
- 4 Installation instructions
- 5 EAN code

Only a few models, broad market coverage: The compact Super special range from Bosch.

The Super special range means that you can offer every customer the right spark plug and cover the complete spectrum of motorized mobile tools:

- ▶ Leaf blowers
- ▶ Garden tractors
- ▶ Hedge cutters
- ▶ Chainsaws
- ▶ Leaf vacuum
- ▶ Power scythes
- ▶ Power supply units
- ▶ Lawnmowers
- ▶ Lawn trimmers
- ▶ Snow cutters
- ▶ Snow throwers
- ▶ Water pumps
